

**Karl E. Hegyi, DDS, FAGD**

As Owner/Director of The Center for Esthetics, Function, and Implant Rehabilitation, Dr. Hegyi maintains this full time private practice in North Royalton, Ohio, which focuses on the restorative and esthetic rehabilitation of patients with pain, structural, and esthetic disorders involving Masticatory System Biomechanical factors.

Dr. Hegyi is creator of the “Physiologically Driven Treatment System”, a visiting faculty member of the internationally renowned Dawson Academy in St. Petersburg, Florida, and a Fellow of the Academy of General Dentistry. Additionally, he is internationally published and educates dentists from around the world regarding biomechanical factors and their impact on Restorative, Esthetic, and Implant Dentistry. He is a member of the American Dental Association, Ohio Dental Association, Greater Cleveland Dental Society, and American Equilibration Society.

Graduating from Ohio University in 1975, Dr. Hegyi earned "Outstanding Undergraduate Student of the Year" honors as he attained his Bachelor's Degree. Dr. Hegyi graduated from the Ohio State University School of Dentistry in 1978 and was honored by being inducted into Omicron Kappa Upsilon Honorary Dental Society.

Since completing his dental education at The Ohio State University, Dr. Hegyi has received advanced training in Esthetics, Implants, and TM-Joint Orthopedics, from the Dawson Center for Advanced Dental Studies, The Seattle Institute for Advanced Dental Education, The Center for Advanced Dental Learning, and The University of Florida Parker Mahan Facial Pain Center.

He and his family reside in the Greater Cleveland, Ohio area. Outside of dentistry, his favorite way to spend time is with his family. For recreation, Dr. Hegyi loves the outdoors and is an avid runner.
