

# FULL MOUTH MASTERY SERIES

## Level III: RedAddibration & Creation of a Stable Biomechanical Foundation

### Two Day Session

For most patients with TMD or Occlusal Disease issues, definitive occlusal treatment is more beneficial than occlusal splint therapy. In Level III, you apply the concepts and methods of Levels I & II to do this. However, this is not about doing a conventional equilibration. Rather, it is about the concurrent utilization of Reductive and Additive reshaping (RedAddibration) to establish occlusal harmony at any chosen Vertical Dimension of Occlusion - to create a Stable Biomechanical Foundation.

In non-restorative cases, a Stable Biomechanical Foundation is the end point of treatment. In this situation, it represents the most predictable and conservative definitive treatment for the vast majority of patients suffering with TMD or Occlusal Disease. This is the most common application of RedAddibration in most offices and is the preferred application to begin learning this process.

In this hands-on course, you learn the clinical skills needed to actually perform a RedAddibration. Under the watchful eye of an instructor, you will perform a live RedAddibration on a patient of your own that you have previously evaluated with a DATA Appliance and for whom you have Verified and Validated casts. In Level III, the RedAddibration is performed on a patient who does not require extensive restorative or aesthetic treatment and represents the end point of their treatment.

### From Level III, You Will Learn How To:

- Identify patients who are or are not good candidates for RedAddibration,
- Choose the most appropriate Treatment Path based on their patients' Problem Profile, psychosocial status and wants and needs,
- Choose the most appropriate Vertical Dimension of Occlusion (VDO) for patients with non-restorative Treatment Paths,
- Use a combination of reductive & additive reshaping to definitively achieve this VDO & create a Stable Biomechanical Foundation, and
- Make RedAddibration one of the most rewarding and profitable procedures you perform in your office

### THE DETAILS

Dates:

**September 21st-22nd, 2018**

Class Hours:

**8:30 am - 5:00 pm**

CE Credits:

**16**

Location:

**The Center for  
Exceptional Practices**

3404 Brecksville Road  
Richfield, OH 44286

Register with Alyssa at:

**[alyssa@dentalceramicsusa.com](mailto:alyssa@dentalceramicsusa.com)**

**Phone: (330) 523 - 5270**

**Fax: (330) 523 - 5241**

## REGISTRATION

### Karl Hegyi, DDS

Dr. Karl Hegyi maintains a full time private practice in North Royalton, Ohio as owner/director of the Center for Esthetics, Function, and Implant Rehabilitation. His practice focuses on the functionals, restorative, and esthetic rehabilitation of patients with disorders involving Masticatory System biomechanical issues. Dr. Hegyi is the developer of the “Physiologically Driven Treatment System”, is published and teaches internationally regarding this system and its use in restorative and implant dentistry.

Dr. Hegyi is a visiting faculty member of the Dawson Academy, Continuing Science circle member of Thommen Medical, Fellow of the Academy of General Dentistry, and a member of Omicron Kappa Upsilon. He is also a member of the American Dental Association, Ohio Dental Association, Greater Cleveland Dental Society, and the American Equilibration Society.

### ADA CERP® | Continuing Education Recognition Program

The Center for Exceptional Practices is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at [www.ada.org/cerp](http://www.ada.org/cerp)

Approved PACE Program Provider  
FAGD/MAGD Credit  
Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement  
10/1/2015 - 9/30/2021  
Provider ID # 121349

### CANCELLATION POLICY

**Payment in full is expected with registration unless otherwise arranged with The Center.** A 50% non-refundable deposit is due if full payment is not received. The remaining tuition balance must be paid at least 60 days prior to the scheduled course date. If cancellation is received less than 60 days prior to the course, 50% of the paid tuition fee is forfeited. If cancellation is received less than 30 days prior to the course, 100% of the paid tuition fee is forfeited. Payment plans can be arranged with The Center when registering. Please call us with any questions, 866-333-6135.
